SHARING THE LOVE OF JESUS CHRIST THROUGH THE GIFT OF DESIGN.

pendants m-series

The 'M' series pendants are of a more contemporary design, giving a clean sparkling, yet natural look. These pieces are also crafted from solid sterling silver or gold on sterling and come with sterling silver or gold filled chain as standard. Heavy chain is ordered by (H)* after part number. The lacquered finishes available are: natural (N), oxidized (O) or gold (Y).

earrings

These earrings are designed to coordinate with the pendants and complement one's apparel. These pieces are made of solid sterling silver or gold on sterling and come standard with 14K white or yellow gold posts or wires. The lacquered finishes available are: natural (N), oxidized (O) or gold (Y).

tietacks

Our tietacks are both an opportunity to display one's belief in God, as well as an accessory to a man's apparel. These tietacks are manufactured in solid sterling silver or gold on sterling and come standard with clutch and guard chain. The lacquered finishes available are: natural (N), oxidized (O) or gold (Y).

Trinity Designs blossoms out of a true love for Jesus Christ. The fine Christian Jewelry we can offer is only because of the hearts of the Brothers and Sisters as they hand-craft and design these pieces. Our objectives are to design and produce a beautiful and meaningful line of jewelry that will give the Christian an opportunity to witness for Christ through their choice of a fine quality item with true significance, and yet available at a modest price. We thank God for . . . this sharing thing.

Crumrine®

GOLD AND SILVERSMITHS

The Finest Quality in Western Jewelry and Accessories

How To Use This Price Booklet - Prices listed herein represent the current retail price for all items featured in Crumrine's 1997/98 catalog. The price of many items has remained unchanged. This booklet will serve as your final source for all current pricing should you have any questions.

- 1) This booklet presents an exact match of the page and section order of items as they appear in the catalog. Locate the item you want by its page number. (Example = 1 - 14 or 4 - 3)
- 2) Locate the product number within the page listing. (Example ER01066 or 06955)
- 3) Locate the product's retail price.
- 4) Check the far right columns to see if the item is part of your Crumrine sales model. (See below)

New Sales Model indicators for Crumrine Display Case customers and program sellers - To help you maximize the sales potential of your Crumrine inventory, we have provided you with sales model indicators (where applicable). These indicators are designed to help you position some, or all of your Crumrine inventory for specific sell-through goals and/or desired levels of annual sales volume.

Model A = Approximately 250 SKU's of average inventory. Designed for customers with \$5,000 and greater annual sales volume per location.

Model B = Approximately 175 SKU's of average inventory. Designed for customers with \$2,500 to \$5,000 annual sales volume per location.

Model C = Approximately 100 SKU's of average inventory. Designed for customers with \$2,500 annual sales volume per location.

Your Crumrine Sales Representative will work with you to determine which sales model is right for your application. The greater the percentage of Sales Model inventory you keep on hand, the greater your inventory performance will be.

Model Targets:

- | | | |
|--|---|--|
| 1) Keep your Crumrine display case properly stocked with genuine Crumrine merchandise at all times. Not maintaining a case inventory of at least 75% to 80% of display capacity can translate into thousands of dollars in lost Silver sales annually. | 2) Try to have no more than 20% of you Crumrine inventory represent "out of model" items. Select your "non model" merchandise based on availability of new items and regional consumer preferences. | 3) Have your Crumrine Sales Representative adjust your sales model every six months using Crumrine's Model-Swap program. We'll help you create the perfect product mix. At Crumrine, we're committed to improving your sell-through. |
|--|---|--|

Product Upgrade Information - The most noticeable price change has occurred with our applied overlay products. These products are sold primarily as event trophies, awards and other recognition-type items. To increase the presentation value of these items, Crumrine is now applying 22K Gold EP to all merchandise that includes applied letters, brands and event figures. If you have any questions regarding this product upgrade, please call our Customer Service department.
